

APICAL® 100 AV

APICAL polyimide film possesses an excellent balance of physical, thermal, electrical and chemical properties over a wide range of temperatures (-269°C [752°F]). More precise thickness control, superior web flatness, plus improved adhesion and excellent dimensional stability are standard features with Apical polyimide films.

Major Applications

- Polyimide base materials for FPC.
- Motor generator insulation.
- Wire and cable insulation
- Barcode label.
- Pressure sensitive tape.
